

Save the Date: June 8th – 10th, 2018

The MIT Club of Germany cordially invites club members, MIT alumni, as well as alumni from the Ivy Circle Clubs, friends from related universities for a weekend of discussion and networking:

Annual General Meeting and Symposium of the MIT Club of Germany on:

Artificial Intelligence — A Smarter New World. Opportunities and Challenges.

Keynote speakers:

Sherri Thomas

Head of Watson Internet of Things Global Headquarters IBM München

John D Vasquez

IBM Senior Software Architect Internet of Things Division

Dr. Alexander Hüttenbrink

Geschäftsführer Kinexon Industries GmbH

Date: Friday – Sunday, June 8th – 10th, 2018

**Location: IBM Watson IoT Center Munich
Mies-van-der-Rohe-Strasse 6
80807 Munich**

How do Internet of Things (IoT) and artificial intelligence change our lives?

Join us for a weekend in Munich to hear from and discuss with high-ranking symposium speakers about the future of the Internet of Things (IoT) and the opportunities related to Artificial Intelligence (AI), and to meet new and old friends from MIT and related universities.

On the following pages you can find the detailed schedule, price information as well as hotel recommendations for our Annual Meeting.

We look forward to seeing you in Munich!

The MIT Club of Germany e.V.
